

## MAD Travel Fellowship

To architecture students worldwide, MAD encourages you to apply for the  
*2017 MAD Travel Fellowship*

- Recipients: 5 global architecture students (Travel in China)  
5 Chinese-nationality architecture students (Worldwide Travel)
- Application deadline: **May 14, 2017**
- Recipients announcement: **May 22, 2017**

Ma Yansong, founding principal partner of MAD Architects, initiated MAD Travel Fellowship in 2009. During the past 7 years, the program has sponsored 35 students for their overseas architecture travels to Africa, Asia, Europe, and North America.

**Starting 2017, the program will sponsor five more global students to visit China.** MAD believes it is only through travel – the visceral experience of interacting with, and being influenced by, different spaces – that one can begin to understand ideas of context and gain a deeper insight into architecture.

Panel judge: **Ma Yansong**

### Application Requirements

- Selected applicants must currently be an undergraduate or graduate architecture student;
