

COLLEGE OF DESIGN

Summer 2022 Undergraduate Research Fellowship

Proposal Guidelines

Save File as: Last Name First Name Proposal; 1,000 words or less

Mentor Name:

Student Name:

Project Title:

Purpose:

What problem, question, or issue will your research or creative project address?

Background:

Why is this an important problem or question to ask? What contribution do you think your project can make to your field of study?

What experience do you have or what steps have you already taken to equip you to carry out this research or creative project?

Methodology and Research Plan:

Describe your intended plan of research and the specific steps you will take to carry out your research or creative project.

What specific methods will you use for this project?

What is the final form/deliverable of this project?

How do you expect to share research findings?

Budget:

COLLEGE OF DESIGN UNDERGRADUATE RESEARCH

SUMMER FELLOWSHIP

What expenses do you anticipate for your project, and why?

Proposals are judged on the following criteria:

- *The proposal is complete, clear, and well thought out*
- *The project has a high likelihood of making a scholarly contribution to the proposed discipline or student's academic growth*
- *The proposal outlines an achievable project with a realistic timeline*
- *The budget is reasonable and realistic for the proposed project*
